KONSTPADDLING

Go canoeing and experience art!

The association Yellow House welcomes you to a unique event, in which you will be able to enjoy the beautiful nature of the area between Uddebo and Tranemo, while at the same time experiencing a series of art installations on and along the stream Assman.

This one of a kind experience begins with a bike ride on the beautiful railway embankment from Uddebo to Tranemo. Follow the map to the Tranemo community centre, and use the key you have been provided with to gain access to canoes, paddles and life jackets. Lift down the canoes and lock the bikes.

An exciting trip back to Uddebo awaits you!

1. Udde-bo, a companion

Hello, my name is **Gunilla Boije af Gennäs**. I live in the area of Svenljunga. "Udde-Bo, a companion" is a concept as well as a series of sculptures. 2. Over dark water

Hi, I'm **Tommy Pettersson**. I live in Tranemo. For me, art is about growing as a person, and about gaining greater comprehension. Maybe it's also about a kind of vain wish to make a difference and to show that art is the key to those things that can't be expressed in words. E-mail: andrarum@telia.com

3. Randomness

My name is **Katrin Lysvret** and I live in Gothenburg. I work with all kinds of materials and techniques. A main interest of mine is how external things like our clothes and our environment affect us inside. I sew clothes, and I'm studying architecture. E-mail: lysvret@student.chalmers.se

I'm **Ninni Norlinder**, I live in Uddebo. I prefer to work in the field of conceptual art and I like exploring different kinds of materials. I also have a lot of experience in drama and music, and this is a great opportunity to collaborate with Katrin.
